1. Attached is the draft of a Collection Guide concerning [REDACTED]. It was prepared primarily by [REDACTED] St/CS, with the assistance of [REDACTED] S/TR. Within the office it has been coordinated with St/PR and St/L/R. It has also been coordinated with the Office of Naval Intelligence which made the initial request for such a publication during the course of negotiations for improving reporting on Soviet [REDACTED]. ONI has requested fifty copies in the initial distribution.

2. Some two dozen pictures, which will make up Annex B, have already been transmitted to St/P.

3. Speedy handling of this draft is desired because, although the collection facilities already exist, the quality of this reporting reveals a drastic need for such guidance.
